

VEXTRIX TO SPEARHEAD UK CYCLE HUB PROJECT

VEXTRIX
Management, the Liverpool project management and construction cost consultants, have been appointed as project managers and quantity surveyors on the country's first cycle hub at Leeds station.

The £700,000

Leeds Cyclepoint is the first of 10 in the UK to encourage people to use cycles as part of their commute to work.

It will offer secure storage for more than 300 bikes, cycle rental, and the opportunity to purchase bike accessories and get cycles repaired.
